Important Legal Information/Data Protection

The information provided in your employment application will be stored in the IBM Candidate Application Data and used to process your application and to perform any related activities (including surveying and research activities to support our recruiting processes). This information will also be used to consider you for future potential opportunities and to link to your public social media profile(s) which you have authorized IBM to access by applying with a social media widget/button. Your information will be accessed by IBM internal recruiters, hiring managers, potential managers, and the hiring organization and the associated technical and human resources supporting staff. If you decide not to provide information in mandatory fields, we will not be able to continue with your employment application using this tool. If you are applying for a particular opening, the data controller/holder of your application information is your potential employer in the country where your information will be protected in accordance with local law applicable to your potential employer. If you are applying for any open current or future positions, the data holder of your information will be International Business Machines Corporation until your information is submitted to your potential employer for a particular vacancy. International Business Machines Corporation is a US Corporation and while being the holder of your information, your information will be protected in accordance with US Laws. By registering, you acknowledge and approve that your information may be processed by any IBM subsidiary for the purpose of evaluating your application for employment and performing related activities. By registering, you also acknowledge and approve that your information may be stored and processed in the United States.
